

The Marblehead Planning Commission regulates and promotes the proper arrangement of streets, lots and safe vehicular traffic including access for emergency. The Commission plans for recreation and other open areas including public facilities. The Planning Commission assures the orderly development of land to achieve a harmonious and stable community including provision for water, sewer and other health facilities. The Commission coordinates land use and development in accordance with the Marblehead Zoning Ordinance and the Marblehead Subdivision Regulations.

Meetings

Regular meetings of the Planning Commission are held on the first Wednesday of each month at 6 pm in the Municipal Services Building at 517 W. Main Street.
